Description

aquatherm is the inventor and leading manufacturer of PP-R pipe systems for plant engineering and building services. The numerous product lines provide superior solutions in potable water applications, heating systems, fire sprinkler systems, air-conditioning and refrigeration technology, as well as in surface heating and cooling systems. The product range comprises more than 17,000 articles. Pipe diameter range from 20-630, and is able to provide special pre-fabricated parts and collectors according to the client's custom demand. To ensure the worldwide availability aquatherm exports in 125 countries around the world. The company employs approximately 600 people in Germany, Italy, UK, USA, and Canada. aquatherm manufactures exclusively at two German sites in Attendorn (headquarters) and in Radeberg. Customers throughout the world can count on innovative and safe PP-R pipe systems of the highest quality and 100% "Made in Germany".
